... the successful  
conduct of the 2007

## ... Pledges support to African Agro-Group

BY SALISU BASO/  
HASSAN MUHD

THE Emir of Kano, Alhaji (Dr.) Ado Bayero, has pledged to support African Agro Group in its commitment to reduce farming cost in the country.

The emir gave the assurance when the chief executive and chairman of the company, Mr. Rajashekar Hande paid a courtesy visit to him in his palace.

Alhaji Bayero, who expressed appreciation with the company in its mission, added that the effort of the company would enhance agricultural development in the country particularly Kano state.

The emir described agriculture as bedrock of the economical development of the nation and therefore assured his support and assistance to the company in its move to improve agricultural development.

Alhaji Bayero, however, said Kano state has given agriculture one of its major economic development, saying the people of Kano will welcome the company plan

election.

He then condoled with the emir over the death of the district head of Sumaila, Dan Isan Kano.

to establish head office in the state.

Earlier speaking, the chairman of the company, Mr. Hande said that the main purpose of their visit was to seek the emir's blessing and support in their mission to promote agricultural development in the state and the country in general.

He said the company is a group of organization that involve in importation and distribution of agricultural inputs like chemical and sprayers.

Mr. Hande added that the company is affiliated with the Indian and Chinese agricultural firms and has already chosen Kano to be its headquarters in West African, saying they have already acquired a plot in Challawa industrial and Gezawa to start production of Agricultural Chemical and vegetable oil respectively.

The chairman however, said the company has employed about agricultural graduates, who will involve in extension field work as well as teaching farmers modern agriculture.
